

Environmental Policy Statement

E.H. Nicholls Jnr Limited is a professional and environmentally conscious organisation whose management acknowledges the impacts that road haulage operations may have on the environment, our staff and the public.

Our aim is to manage and reduce any negative environmental impacts caused by virtue of our business activities as well as to promote continuing improvements wherever practicable.

In order to support the aims of this policy the company will:

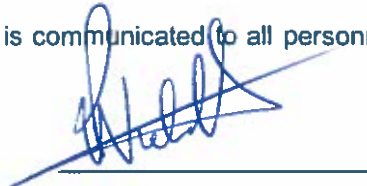

- Make a realistic and measurable contribution to improving the environment in which we operate.
- Ensure that any threat of pollution from our activities is identified and prevented.
- Minimise our consumption of materials, fuel, energy and other non-renewable resources
- Eliminate excessive waste and implement recycling where economically feasible
- Eliminate or minimise any potentially harmful effects of our activities upon our employees and the public.
- Ensure that all personnel fully understand their duties of care towards the environment and work according to the requirements of the management system
- Comply with all environmental legislation and any other regulatory requirements.

This policy and its objectives are met through the implementation and maintenance of a documented Environmental Management System that meets the requirements of ISO 14001.

The Management system is reviewed periodically to ensure that it remains effective in meeting the requirements of this policy and any other objectives.

This policy is communicated to all personnel working directly for or on behalf of EH Nicholls Jnr Ltd.

Signed:

Managing Director
